DUBL

DUBL is our traditional method. It comes from the awareness of a privileged identity – the vast richness of the Irpinia district and of its Falanghina, Aglianico and Greco grape varieties – and the desire to give them new horizons. By exploiting the potential of these grapes, we have created something unique compared to what was already available in the Italian wine scene. The first sparkling wines, produced in October 2006, were Brut (Falanghina) and Rosato (Aglianico), after ageing for 18 months on lees, then DUBL + (Greco) – aged for 24 months – in September 2007.

What was initially a research project has now become a well-established company, widely recognized in Italy and worldwide. Launched in 2016, the DUBLE SSE Sparkling Wines are zero dosage and available in limited editions. ESSE as Selection, since it is made with only the finest grapes from our vineyards. The packaging, created by famous designer Fabio Novembre, is an extraordinary example of contemporary design.

GOLETO TENUTE CAPALDO

A unique land: Irpinia It is an area with a deeply rooted agricultural tradition, where some of the most interesting and long-lived wines in Europe are produced: the red wine Taurasi and the white wines Greco di Tufo and Fiano di Avellino. (Latitude: 15° Meridian East) It is a unique terroir from several points of view: Mediterranean latitudes, mountain viticulture, cool and rainy climate, wines very different from stereotypical "southern" wines in terms of style and character. Last but not least, the different soils that characterize the various vineyards which, in large areas, are mainly of volcanic and sandy origin, which helped to preserve the vines from the phylloxera epidemic of the early 20th century. Thanks to the diversity of its vineyards, this land reveals itself fully, charming even the most discerning of visitors.

Both Goleto and Gulielmus are inspired by a magical place, shrouded in light and mystery: the Abbey of Goleto. Founded in the 12th century by San Guglielmo, then partially destroyed by the 1980 earthquake, the abbey has remained one of the symbols of Irpinia, retaining its timeless beauty. The label is a reference to the entrance door to the Abbey. These wines are therefore a tribute to the charm and history of Irpinia, which is rich and authentic in every corner.

FEUDISTUDI

In Campania, viticulture is nothing other than the result of many “small stories”, a mosaic of communities, valleys and hills, memories, traditions and cultures consolidated over the years. FeudiStudi wines reflect our desire to showcase – by making specific vinification and ageing choices without commercial compromise – the richness of our most distinctive vineyards, selected each year according to the characteristics of the vintage from among the 700 vineyards we manage. Therefore, every year we produce unique products, in limited editions (approximately 2,000 bottles), which are not intended for traditional sales channels. We have chosen an exclusive bottle, a re-edition of the first 17th-century Bordeaux wine bottle.

TAURASI

The ancient village and hills of Taurasi are a world-renowned wine haven: this is the ideal terroir for Aglianico – uncontaminated, volcanic and impenetrable – which is made into very intense, complex and elegant wines such as our Taurasi and Taurasi Riserva Piano di Montevergine; in addition to these, there is Serpico, produced from a unique, world-class ungrafted vineyard, more than 150 years old, which also survived phylloxera.

The vines of Aglianico - in the Taurasi area - alternate with fruit trees and olive groves, creating a wonderful garden. Serpico is an authentic living example of our long-standing winegrowing tradition.

Pierpaolo Sirch
